**AFUE = Annual Fuel Utilization Efficiency**

**EF = Energy Factor**

### How It Works:

1. Determine that the equipment you're installing qualifies for a rebate. Your contractor can recommend the right purchase that best fits your needs.
2. Purchase and install your qualifying equipment. Save all receipts and product information. Eligible equipment must be purchased and installed in a residence with an active MGE account.
3. Mail in this completed form and a copy of your contractor's invoice with complete manufacturer and model numbers and/or store receipt(s).
4. You'll receive your rebate check in about 4 to 6 weeks.

### What You'll Need To Apply:

- Your 10-digit Missouri Gas Energy Account Number
- A copy of a dated sales receipt/invoice showing manufacturer, model #, price and date of purchase
- We also ask for (but do not require) an estimate of the age and efficiency of equipment you've replaced. Your contractor can help you with this information if you cannot locate it.

### Terms and Conditions

- The program is available to any active Missouri Gas Energy (MGE) residential customer (no final bill or inactive accounts) who purchase and install a natural gas space heating or water heating system that meets Energy Star® criteria (where applicable) within the Missouri Gas Energy service territory.
- Rebate shall not exceed the final purchase price or out-of-pocket cost.
- Water heaters purchased and installed must be rated with an Energy Factor (EF).
- A rebate for eligible equipment can be obtained up to one year after the purchase and installation as long as the applicant still owns and/or occupies the residence where the eligible equipment was installed and has an active MGE account.
- All installations are subject to inspection in accordance with program approved by MPSC Docket No. GR-2006-0422.
- MGE has a right to substantiate sales receipts, serial numbers and installation and to request additional documentation as necessary to assure program criteria compliance. Rebate cannot be processed without an itemized receipt.
- **Rebate Limits:** Listed natural gas equipment qualifies for rebates subject to the following maximums as determined by account number: Two heating systems (furnace/boiler), two water heaters, or two Integrated systems, and two thermostats per individual dwelling unit. Owners of multiple individually metered dwelling units are limited to a maximum 50 heating systems (furnace/boiler), 50 water heaters, or 50 integrated systems, and 50 thermostats during one program year.
- **Additional Terms:** This rebate is subject to the terms and conditions of the program and to change or terminate without prior notice. Funding is limited. Funding is administered by EFI and provided to MGE customers in cooperation with the Missouri Public Service Commission, the Office of the Public Counsel, and the Missouri Department of Economic Development. MGE reserves the right to conduct field inspections to verify installations. MGE does not guarantee the performance of installed equipment expressly or implicitly.
